

Ready for the Road?

BRINGING YOUR DRIVERS AND VEHICLES SAFELY BACK TO WORK AFTER COVID-19

Driving for Better Business is launching a free driver app and management portal to provide a robust way for employers to safely get drivers and vehicles ready for the road again after the COVID-19 lockdown.

Vehicle Checks

Vehicles that haven't been used for many weeks can't simply be put straight back on the road and will need a thorough inspection before the vehicle is used again.

Driver Awareness

Drivers will be coming back to a changed environment. They will need time to readjust to higher traffic levels and will also have new challenges to contend with.

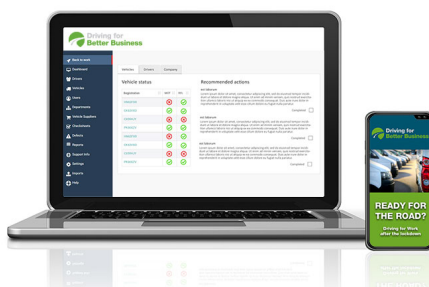

Employer Responsibilities

You'll need to do a COVID-19 risk assessment for your on-road operations and document that your drivers and vehicles have all been put back on the road safely.

Register now for your free 'Ready for the Road?' Package

Driver App

- *Back to work vehicle checks*
- *Daily sanitisation checklist*
- *Driver awareness videos*
- *Policy acceptance*
- *'Fit to drive' declaration*

Management Portal

- *Audit trail of completed checks*
- *Policy distribution*
- *Push messages to drivers*
- *COVID-19 risk assessment*
- *Duty of care resources*
